ABOUT US

Our Vision is to provide a good value for money product in the market, all the while working and understanding our customer's needs while delivering an excellent service network.

We believe in the principle of delivering World Class Service & Products to our clientele located all across South Africa & Beyond.

With well over 30 years of industry experience and a very respected management team whom are all considered industry leaders in their respective fields, you can rest assured that both you and your fleet are in very good hands.

Unlike most of our competitors, we greatly pride ourselves on the fact that every product you buy, whether it be from our budget or premium ranges, are all quality assured and guaranteed.

TireCity Africa is BBEEE Accredited and strive to not only look after our customers well being, but also that of all our staff by promoting a safer and more efficient working environment by encouraging our employees skills development.

TireCity Africa prides itself on delivering One-Of-A-kind service to all OE's in and around South Africa, and refer to this as the TireCity Experience.

CORPORATE IDENTITY

TireCity Africa Pty Ltd is the past, present and future of the tyre industry, with an evergrowing list of OE's and dealers alike switching to TireCity Africa as their importer and supplier of choice - And it's no wonder why, given that our entire approach and mindset with which we undertake every aspect of business is not limited to the typical "what can we do for you" set of mind, but rather a "what can we do **BETTER** for you" approach which effectively sets us apart from any of our so called competitors, including our social and corporate responsibilities and all the way through our skills development ventures for our ever-growing list of employees.

We stand unashamed and confident in our ability to bring all our customers a unique experience by delivering where all of our competitors fail: By delivering one-of-a-kind service with over 30 mobile tyre presses countrywide ensuring fitment within a 24 hour period all the while supplying you with industry leading branded products at the lowest possible cost to you, as we believe the value of a sale relies on more than a good profit margin.
